Short courses and fieldtrips have a minimum and maximum number of participants. To avoid sending money back and forth the first step to register for a short course, field trip or city tour is to preregister. This you can do by checking the short course, field trip or city tour. If there are enough participants you will be informed by e-mail and your credit card will be charged with the fees. If you want to pay by check please send two checks, one with the conference fees and another one with the fees for short course, field trip or city tour. We will destroy the second check if there are not enough participants or send it back to you, if you request it.
